# Journal of the Royal Society of Medicine

## CONTENTS

### Volume 14, number 1, February 1988

#### Reviews

- 1 Respiratory health effects from occupational exposure to wood dusts DF Goldsmith, CM Shy

#### Original articles

- 17 Disturbed iron metabolism among workers exposed to organic sulfides in a pulp plant J Klingberg, A Beviz, C-G Ohlson, R Tenhunen  
21 Medical consequences of work-related accidents on 2 454 Swedish farms BR Jansson, BS Jacobsson  
27 Risk for reduced sperm quality among metal workers, with special reference to welders JT Mortensen  
31 Ultrastructural changes in peripheral nerves of the fingers of three vibration-exposed persons with Raynaud's phenomenon T Takeuchi, M Takeya, H Imanishi  
37 Prospective clinical and psychometric investigation of patients with chronic toxic encephalopathy induced by solvents P Ørbaek, M Lindgren  
45 Memory sequelae of solvent intoxication BT Stollery, MLH Flindt

#### Shorter communications

- 49 Absence of mutagenic response to radiation from a video display terminal M Berg, B Lindelöf, I Langlet, K Victorin

#### Letters to the Editor

- 52 Comment on the interpretation of Jäppinen et al concerning increased lung cancer incidence among board mill workers K Thorén, B Järnholm, S Hagberg  
52 Author's reply P Jäppinen

#### Book reviews

- 53 Handbook of human factors  
54 Prevention of neurotoxic illness in working populations  
55 Ergonomic interventions to prevent musculoskeletal injuries in industry  
56 New technology and human error  
57 Health effects from hazardous waste sites  
57 Handbook of occupational safety and health

#### Announcements

#### Amendments and corrections

### Volume 14, number 2, April 1988

#### Reviews

- 61 Effects of exposure to vinyl chloride: An assessment of the evidence Sir R Doll

#### Original articles

- 79 Associations between several sites of cancer and ten types of exhaust and combustion products: Results from a case-referent study in Montreal J Siemiatycki, M Gérin, P Stewart, L Nadon, R Dewar, L Richardson  
91 Effects of exposure to Freon 11, 1,1,1-trichloroethane or perchloroethylene on the lipid and fatty-acid composition of rat cerebral cortex T Kyrklund, P Kjellstrand, KG Haglid  
95 Influence of water on the percutaneous absorption of 2-butoxyethanol in guinea pigs G Johanson, P Fernström  
101 Percutaneous absorption of 2-butoxyethanol in man G Johanson, A Boman, B Dynésius  
110 Prediction of early retirement on the basis of a health examination: An 11-year follow-up of 264 male employees in a Swedish pulp and paper company N-E Åstrand, S-O Isacson, GO Olhagen  
118 Comparison between surgeons and general practitioners with respect to cardiovascular and psychosocial risk factors among physicians BB Arnetz, S Andreasson, M Strandberg, P Eneroth, A Kallner  
125 Invariants and noninvariants in the concept of interdependent effects S Greenland, C Poole

#### Case studies

- 130 Fatal arsenic poisoning — A case report L Gerhardsson, E Dahlgren, A Eriksson, BEA Lagerkvist, J Lundström, GF Nordberg

#### Book reviews

- 134 Neurotoxicants and neurobiological function: Effects of organoheavy metals  
134 Ergonomics in computerized offices  
135 Indoor radon and its hazards  
136 Ergonomics at work  
137 A manager's guide to ergonomics in the electronic office  
138 Industrial radiation hazards deskbook

#### Announcements

#### Amendments and corrections

**Volume 14, number 3, June 1988**

*Reviews*

- 141 **Further evidence of nonasbestos-related mesothelioma: A review of the literature** PV Pelnar

*Original articles*

- 145 **Mesothelioma in Great Britain in 1968—1983** RD Jones, DM Smith, PG Thomas  
 153 **A mortality study of vinyl chloride monomer workers employed in the United Kingdom in 1940—1974** RD Jones, DM Smith, PG Thomas  
 161 **Use of plant- and period-specific job-exposure matrices in studies on occupational cancer** T Kauppinen, T Partanen  
 168 **Application of an Euclidian distance measure to the selection of reference areas in epidemiologic research concerning environmental issues** RA Murdie, WO Spitzer, S Suissa  
 175 **Thyroid function as assessed by routine laboratory tests of workers with long-term lead exposure** M Tuppurainen, G Wagar, K Kurppa, W Sakari, A Wambugu, B Frøseth, J Alho, E Nykyri  
 181 **An 11-year longitudinal study of the occupational dust exposure and lung function of polyvinyl chloride, cement and asbestos cement factory workers** A Siracusa, A Forcina, R Volpi, E Mollichella, C Cicioni, T Fiordi  
 189 **Changes in job strain in relation to changes in physiological state: A longitudinal study** T Theorell, A Perski, T Åkerstedt, F Sigala, G Ahlberg-Hultén, J Svensson, P Eneroth

*Shorter communications*

- 197 **Mortality and cancer incidence among marine engineers and machinists in Iceland** V Rafnsson, SG Jóhannesdóttir, H Oddsson, H Benediktsson, H Tulinius, G Magnússon  
 201 **Levels of dichlorodiphenyltrichloroethane and hexachlorocyclohexane in human adipose tissue of the Indian population** JP Jani, JS Patel, MP Shah, MR Variya, YH Shah, S Gupta, S Kashyap

*Book reviews*

- 205 **Inhaled dust and disease**

- 206 **Announcements**

**Volume 14, number 4, August 1988**

*Reviews*

- 209 **Health hazards of tertiary amine catalysts** WN Albrecht, RL Stephenson

*Original articles*

- 220 **Mortality of cadmium-exposed workers: A five-year update** G Kazantzis, T-H Lam, KR Sullivan  
 224 **A case-referent study of soft-tissue sarcoma and Hodgkin's disease: Farming and insecticide use** S Hoar Zahm, A Blair, FF Holmes, CD Boysen, RJ Robel  
 231 **Impact of work-related and psychosocial factors on the development of ischemic heart disease among urban bus drivers in Denmark** B Netterström, K Juel  
 239 **The role of personal beliefs and social influences as determinants of respirator use among construction painters** MC White, EL Baker, MB Larson, R Wolford  
 246 **Risk of non-Hodgkin's lymphoma among men occupationally exposed to organic solvents** H Olsson, L Brandt  
 252 **Malignant pleural mesothelioma among Swiss furniture workers: A new high-risk group** CE Minder, J-P Vader  
 257 **Work conditions and urinary excretion of catecholamines — A study of prison staff in Sweden** AB Härenstam, TPG Theorell  
 265 **Impulse noise and hand-arm vibration in relation to sensory neural hearing loss** J Starck, J Pekkarinen, I Pyykkö

- 272 **Announcements**

**Volume 14, number 5, October 1988**

*Reviews*

- 273 **Strategy for the primary and secondary prevention of occupational diseases in the German Democratic Republic** W Bachmann

*Original articles*

- 280 **Mortality among pyrite miners with low-level exposure to radon daughters** G Battista, S Belli, F Carboncini, P Comba, G Levante, P Sartorelli, F Strambi, F Valentini, O Axelsson  
 286 **Indoor radon exposure and active and passive smoking in relation to the occurrence of lung cancer** O Axelsson, K Andersson, G Desai, I Fagerlund, B Jansson, C Karlsson, G Wingren

- 293 Office employment, work with video display terminals, and course of pregnancy: Reference mothers' experience from a Finnish case-referent study of birth defects T Nurminen, K Kurppa
- 299 Neck and shoulder symptoms among men in machine operating, dynamic physical work and sedentary work S Tola, H Riihimäki, T Videman, E Viikari-Juntura, K Hänninen
- 306 Respiratory symptoms and pathophysiological effects of occupational exposure to formaldehyde and wood dust M Holmström, B Wilhelmsson
- 312 Effects of low- and high-frequency local vibration on the occurrence of intimal thickening of the peripheral arteries of rats R Inaba, T Furuno, A Okada
- 317 Prevalence of risk factors for coronary artery disease among day and shift workers A Knutsson, T Åkerstedt, BG Jonsson
- 322 Coexposure of man to *m*-xylene and methyl ethyl ketone: Kinetics and metabolism J Liira, V Riihimäki, K Engström, P Pfäffli
- Shorter communications*
- 328 Oral conditions among workers in the Danish granite industry PE Petersen, P Henmar
- Case studies*
- 332 Peripheral nerve injury and Raynaud's syndrome following electric shock E Kinnunen, M Ojala, H Taskinen, E Matikainen
- Book reviews*
- 334 Cumulative trauma disorders: A manual for musculoskeletal diseases of the upper limbs
- 335 Health problems of health care workers
- 336 Announcements

#### Volume 14, number 6, December 1988

##### Reviews

- 337 A review of the epidemiologic literature on magnetic fields and cancer A Ahlbom
- 344 Methodological considerations in the study of parental occupational exposures and congenital malformations in offspring GM Shaw, EB Gold

##### Original articles

- 356 Increased risk for primary liver cancer among women exposed to solvents S Hernberg, T Kauppinen, R Riala, M-L Korkala, U Asikainen
- 366 Skin and respiratory symptoms from exposure to alkaline glutaraldehyde in medical services D Norbäck
- 372 Occupational exposure to ethylene oxide: Relation between in vivo dose and exposure dose S Osterman-Golkar, E Bergmark
- 378 Health effects due to occupational exposure to cobalt blue dye among plate painters in a porcelain factory in Denmark E Raffin, S Mikkelsen, DG Altman, JM Christensen, S Groth
- 385 Relation between lead and cadmium in blood and the involuntary smoking of children S Willers, A Schütz, R Attewell, S Skerfving
- 390 Tobacco smoke removal with room air cleaners L Olander, J Johansson, R Johansson

##### Book reviews

- 398 Causal inference
- 399 Occupational medicine - Principles and practical applications
- 400 Occupational pulmonary disease
- 401 Work-related lung disorders
- 403 Announcements

#### Volume 14, supplement 1, 1988

- 1-123 Proceedings of the fourth Finnish-US joint symposium on occupational safety and health with Swedish participation, Turku, 31 May - 2 June 1988 guest editor K Lindström

- 5 Leading work-related diseases and injuries JD Millar
- 7 Occupational health services in Finland - A national overview J Rantanen
- 10 Physical demands in worklife I Åstrand
- 14 Recent epidemiologic studies of occupational cancer in Finland S Hernberg
- 17 Identification of cancer risks from chemical exposures - An epidemiologic program at the Swedish National Institute of Occupational Health C Hogstedt
- 21 The aging worker in a changing work environment P Huuhtanen
- 24 Age-related differences in job characteristics and in their relation to job satisfaction K Lindström
- 27 Exposure to job stress - A new psychometric instrument JJ Hurrell Jr, MA McLaney

- 29 Development of a model for use in estimating exposure to ethylene oxide in a retrospective cohort mortality study AL Greife, RW Hornung, LG Stayner, KN Steenland
- 31 Development of an air sampling method based on the reactive properties of a contaminant RF Herrick, TJ Smith
- 33 Evaluation of exposures during the welding or flame-cutting of painted steel K Engström, B Engström, M-L Henriks-Eckerman
- 35 Reentry intervals after pesticide application in greenhouses J Liesivuori, S Liukkonen, P Pirhonen
- 37 Computers and video filming as aids in reducing exposure to air pollution G Rosen
- 40 Effect of engineering controls and work practices in reducing ethylene-oxide exposure during the sterilization of hospital supplies L Elliott, V Mortimer, V Ringenburt, S Kercher, D O'Brien
- 43 Comparison between two power-frequency electric-field dosimeters T Lindh, L-I Andersson
- 46 Exposure to low-frequency electromagnetic fields — A health hazard? B Knave, B Floderus
- 49 Exposure to man-made mineral fibers at ten production plants in Sweden S Krantz
- 52 Automated methods in cytogenetic surveillance H Norppa
- 55 Aromatic deoxyribonucleic acid adducts in white blood cells of foundry and coke oven workers K Hemminki, FP Perera, DH Phillips, K Randerath, MV Reddy, RM Santella
- 57 Macromolecular adduct formation by 4,4'-methylene-bis(2-chloroaniline) in adult male rat KL Cheever, DE Richards, WW Weigel, KB Begley, RE Savage Jr, FB Daniel
- 60 Isomer-specific biological monitoring of polychlorinated biphenyls M Luotamo
- 63 Direct sampling of organic solvents in expired breath with a new solid sorbent sampling device RA Glaser, JE Arnold, SA Shulman
- 66 Identification and counting of fungal spores by scanning electron microscopy P Heikkilä, T Salmi, M Kotimaa
- 68 Natural and adaptive immune reactions to inhaled microorganisms in the lungs of farmers P Malmberg, A Rask-Andersen
- 72 Quantitation of airborne endotoxin levels in various occupational environments SA Olenchok
- 74 Laboratory animal allergies: Use of radioallergen sorbent test inhibition assay to monitor airborne allergen levels DM Lewis, TA Bledsoe, JM Dement
- 77 Challenge test for sulfur dioxide — Symptom and lung function measurements T Sandström, B Kolmodin-Hedman, N Stjernberg, M-C Andersson, G Löfvenius
- 80 Identification of contact allergens in colophony A-T Karlberg, JE Wahlberg
- 82 Atlas of standardized low-back tests and measures of the National Institute for Occupational Safety and Health RM Nelson, DE Nestor
- 85 Maximum acceptable work loads for repetitive lifting tasks: An experimental evaluation of psychophysical criteria F Gamberale
- 88 Physiological criteria for retirement age J Ilmarinen
- 90 Fatal occupational injuries in the United States in 1980—1984: Results of the first national census of traumatic occupational fatalities N Stout-Wiegand
- 93 Severe chemical accidents in Finland in 1978—1985 H Laitinen
- 95 Measurement methodology for the effects of accident prevention programs K Ojanen, A Seppälä, M Aaltonen
- 97 Computer-aided evaluation of the safety aspects of materials handling KK Häkkinen
- 100 Safety of automated guided vehicles: A case study in a storage area K Lahtinen, P-L Rasa
- 103 Costs of accidents in the furniture industry — A Nordic study M Aaltonen, A Söderqvist
- 105 The computer as an aid in the analysis of ergonomic and safety features of maintenance: Description of two graphic applications S Väyrynen
- 108 Electromyographic studies of job rotation B Jonsson
- 110 Sentinel event notification system for occupational risks EL Baker
- 113 Implementation of ergonomics at the workplace J-E Hansson
- 116 Prevention of occupational back disorders — An intervention study G Wickström
- 118 Farmers' occupational health program in Finland, 1979—1988: From research to practice K Husman, V Notkola, R Virolainen, K Tupi, J Nuutinen, J Penttinen, J Heikkonen
- 121 Successful accident prevention: An intervention study in the Nordic countries J Saari
